

The Uniform Codes Act is codified at chapter 2 of title 8 of The Official Code of Georgia Annotated. O.C.G.A. Section 8-2-20(9)(B) identifies the ten "state minimum standard codes". Each of these separate codes typically consist of a base code (e.g. The International Building Code as published by the International Code Council) and a set of Georgia amendments to the base code. Georgia law further dictates that eight of these codes are "mandatory" (are applicable to all construction whether or not they are locally enforced) and two are "permissive" (only applicable if a local government chooses to adopt and enforce one or more of these codes). These codes are as follows:

Mandatory Codes:

- Georgia State Minimum Standard Building Code (International Building Code with Georgia State Amendments)
- Georgia State Minimum Standard One and Two Family Dwelling Code (International Residential Code for One- and Two-Family Dwellings with Georgia State Amendments)
- Georgia State Minimum Standard Fire Code (International Fire Code with Georgia State Amendments)
- Georgia State Minimum Standard Plumbing Code (International Plumbing Code with Georgia State Amendments)
- Georgia State Minimum Standard Mechanical Code (International Mechanical Code with Georgia State Amendments)
- Georgia State Minimum Standard Gas Code (International Fuel Gas Code with Georgia State Amendments)
- Georgia State Minimum Standard Electrical Code (National Electrical Code with Georgia State Amendments)
- Georgia State Minimum Standard Energy Code (International Energy Conservation Code with Georgia State Supplements and Amendments)

Permissive Codes:

- International Property Maintenance Code
- International Existing Building Code

As noted above, the building, one and two family dwelling, fire, plumbing, mechanical, gas, electrical and energy codes are mandatory codes, meaning that under Georgia law, any structure built in Georgia must comply with these codes, whether or not the local government chooses to locally enforce these codes.
