

# Lincoln County Georgia

## Office of the Tax Commissioner

### ***IMPORTANT NOTICE CONCERNING YOUR AUTOMOBILE INSURANCE.....***

Beginning January 2004, your insurance company is required by the State of Georgia Law to transmit verification of your insurance to the Georgia Department of Motor Vehicle Safety. If the vehicle ID number does not match what is in the state computer, you will not be able to renew your tag. Please check the ID number on your car or registration to that on your insurance card. If it does not match, contact your insurance agent IMMEDIATELY to have it changed. No one will be able to renew tags if their insurance is not current in the state computer, except on newly purchased vehicles whereby a Binder (good for 30 days) or a Declaration page on your policy (good for 30 days) will be accepted. Insurance cards are no longer acceptable in the STATE OF GEORGIA.....

Vehicle owners may now access the Department of Motor Vehicle Safety's web site at <http://www.dmv.ga.gov> to verify insurance coverage in the states motor vehicle database.

### **Insurance Cancellation**

If you are canceling the insurance on a wrecked or non-operating vehicle, you must come in to your Tag office and cancel you registration. This will prevent you from receiving a letter and/or fine from the State Department of Motor Vehicle under the new insurance laws.

***Please call our office at 359-5536***
