

## Street Addressing

The Lincoln County Code Enforcement Department is the sole addressing agent for the unincorporated rural areas. Physical addresses are attached to telephone records so that when 9-1-1 is dialed, a location will be displayed for emergency services.

To obtain a physical address for your property in Lincoln County, please contact Melissa Burgess at the Code Enforcement Office (706) 359-5523. We are located at 182 Humphrey Street, Lincolnton, GA 30817.

Information necessary to establish an address includes your name, the name of the property owner if different, the name of the road by which your property is primarily accessible, a recorded plat of the property and a tax map and parcel number if available.

Your address numbers should be posted and visible from the road so that emergency service can easily find you in case of an emergency. Posted numbers should be a minimum of three inches in height.

Please use the following instructions when posting your address number:

- Numbers should be mounted on mailbox
- Sign may be mounted on either side of driveway entrance
- Numbers must be visible from public roadway
- Make sure no weeds or any other items block view of numbers

In addition to posting an address number sign, it is suggested that you write your address in large print on or near your phone.
